Objective

Motivated and detail-oriented graduate with a strong passion for technology and user interface design, transitioning into front-end development. Have a good knowledge in HTML, CSS, JavaScript, and React.js through self-study and hands-on projects. Seeking an entry-level front-end developer role to apply my skills, grow in a collaborative environment, and contribute to building modern, responsive web applications.

Technical Skills

- Next.js
- React.js
- TypeScript
- JavaScript
- HTML5 & CSS3
- SCSS
- Bootstrap
- Tailwind CSS
- Git & GitHub
- C++ Fundamentals

Soft Skills

- Self-learner.
- Organized

- Leadership.
- Team player.

Projects

- **Bookmarker App**

Designed and built a web application using **HTML**, **Bootstrap**, and **JavaScript** to save, view, and manage favorite website links efficiently.

- **To-Do-List App**

Created an interactive task management tool using **HTML**, **Bootstrap**, and **JavaScript**, allowing users to add, mark, and delete tasks dynamically.

- **Weather App**

Tech Stack: HTML, Bootstrap, JavaScript, WeatherAPI

Developed a responsive weather application that displays real-time temperature, humidity, and wind data for any city using WeatherAPI.

Skills: API Integration, DOM Manipulation, Responsive Design, Error Handling

- **Social App**

Engineered a social media web application using **React.js** and **Tailwind CSS**, inspired by LinkedIn, enabling users to create, view, and interact with posts.

Implemented dynamic components and a fully responsive UI for better user engagement.

Integrated **form validation** and **structured routing** using **React Router**.

Skills: React.js, React Router, Responsive Design, Component Reusability

- **FreshCart**

Built a modern e-commerce web application using **Next.js**, **React**, and **Tailwind CSS**. Integrated a **REST API** to fetch and display products with full cart management and user authentication.

Implemented **Server-Side Rendering (SSR)** for improved performance and SEO.

Key Skills: Next.js, REST API, SSR, State Management, Responsive Design
